## From the president:

November is election month for Skystreakers officers. This year there was only one nominee for each position so there is no need for an actual election by ballot. The Secretary will cast a single ballot for each nominee and 2008 officers will take office at the December meeting. Thanks to all of you who take the time and make the effort to be leaders in the club.

I am going to revisit the club's status as a Not for Profit Corporation. If we can't get it done as in the past, then we should take a serious look at what needs to be done to make it happen. It will be to all of our advantage to have that protective layer between the members and the big scary world out there.

During November don't forget to lock the gate at all times while at the field. If you don't lock it and a hunter gets stuck in there when every leaves, well, you can see how that would suck for everyone involved. The inner gate can remain open while you are there until the last one out.

I will try to bring the cub to the meeting that was donated by Darlene on behalf of Jim Beach. We are going to raffle or auction it off to raise funds to purchase a trainer for new people to try and or use when their plane may be temporarily out of service. The PTS F22 Raptor would be a good choice I think because it can be used for beginners as well as step up training for introducing pilots to aerobatics. If you have anything you would like to donate for the cause, please do. Thank you once again to Darlene Beach for the donation of the airplane as well as all the other gear to be used for the benefit of new R/C pilots, young and old alike.

This meeting is your next to last chance to get your name in the "nut can" before the big drawing in December. If you come to the meeting, you can bring along an airplane for the plane of the month competition and drop a couple bucks in the fuel raffle for a chance at two gallons of glow fuel. Hope to see you there. The meeting starts at 7pm promptly on Thursday, November 8, 2007 downstairs in the Amvets Hall in New Gloucester.

Nelson Frost

Welcome  
New  
Members

It's fun teaching someone to fly RC.  
Try it, You'll like it!
