**Here** we go into October. The next meeting is nominations for officers. We have open positions. Look to the left and you will see which ones are open. Nominations will be open for all positions if anyone wants to run for a particular one. As far as I know, no one else has expressed a desire to step down (or up for that matter). It will be interesting if no one runs for the vacant positions. I guess we will have to dissolve the club without the officers required by our by-laws and AMA charter rules.

I haven't heard from John about the newsletter so we will limp along with this lame edition until we do.

Last I heard, training went well for this season and has officially ended. Thank you to all who volunteered their time and talked the talk and walked the walk.
